Did you know the Foundation has a permanent endowment fund to ensure that there will always be funding to enhance the quality of education for Genoa-Kingston students? Our donor wall, located in the commons area of the High School, is a testimonial to the dedication of our community to the education of our youth. Because we use only the interest to fund mini-grants, pledges will continue to serve our schools and students for years to come. Are you interested in making a donation? Contact any board member or email us through our website.
